## About Us:-

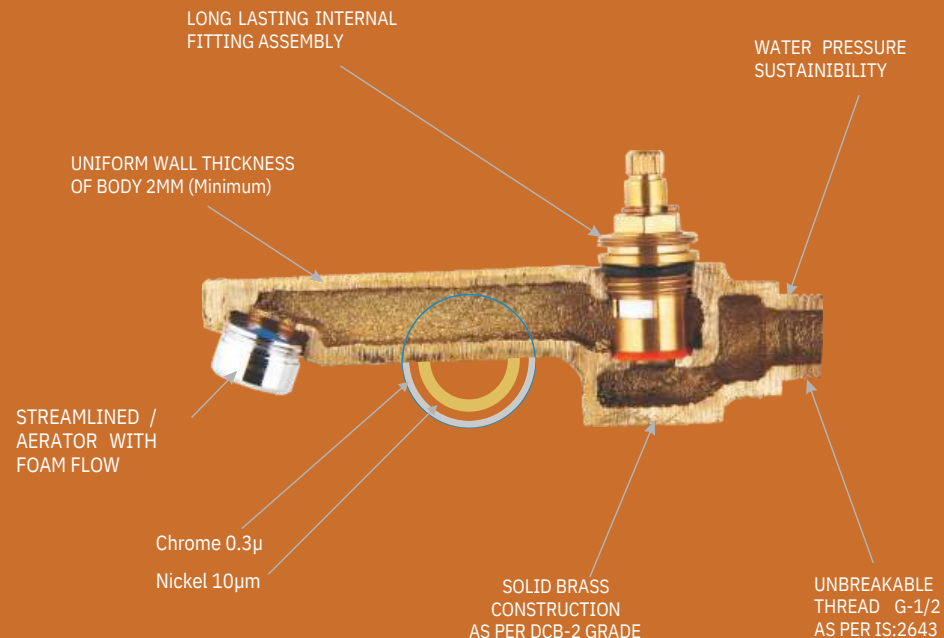

We are touched by water every day-from the moment we step into the morning shower.... to the afternoon outside splashing with our children...to the relaxing bath we take to unwind at the end of a hurried day. At Oyra, we realize that our products aren't just stylish additions to your home. They're the connection that help make our everybody lives just a little bit better... a little bit easier. While our products may look remarkable on the outside, what's more important is how they're built on the inside. You can experience the durability, and feel the quality materials with every touch. We've spent over five decades focused on making our products the best in the industry. It's with this dedication to trusted performance that we've built our position. And our reputation is more than just about the products in the box- it's all about the people behind the products, and our stellar service.

At Oyra, service goes beyond our best-in-class warranty-it's the experts who listen and provide assistance. No matter what your need, you can count on Bliss to take care of you. As a path breaking bath fitting brand, Oyra offers a diverse selection of thoughtfully designed bath products, delivering the best possible combination of meaningful innovation, useful features, and lasting value.

## HOW "OYRA" IS DIFFERENT ?

## LEARN HOW TO CLEAN A TAP

To clean the aerator first open the housing by unscrewing it anti-clock wise, take out the aerator.

Wash it with water, clean it and simply attach it again. Here you go steady high flow of water. Surely you save a few bucks here.

Clean Taps with a little soap and moist cloth only, then simply rinse off and wipe dry. You can avoid lime spots (White Spots) by drying the fitting each time it is used. After drying you can apply a coat of wax polish to protect the surface from settlement of water for a considerable period of time.

Our products undergo a complete quality & performance test as stated below :

1

**AIR/VACUME TEST :**

After Machining the unfinished die casted every product is tested at 15kg pressure of water and air leakage.

2

**ASSEMBLE & FITMENT TEST :**

After assembling and polishing, each piece is checked for pin holes & surface finishing.

3

**FINISHED PRODUCT PERFORMANCE TEST :**

After the faucet is completely assembled and chrome plated, it goes for a final water test done on pressure pump at 25 kgs. / Cm2 as per IS:8931

4

**NICKEL & CHROME TEST :**

Periodic nickel plating of 10 microns & chrome plating of 0.3 microns is conducted in-house.

5

**SPECTROSCOPY TEST : PRODUCT COMPOSITION TEST :**

Conducted by an independent lab, this test is periodically done to ensure the correct metal composition of the product.

EXTENSIVE  
QUALITY &  
PERFORM-  
-ANCE TESTS  
TO ENSURE  
ONLY THE BEST  
PRODUCT  
REACHES YOU.

All OYRA Products are subjected to extensive multiple tests as per our defined systems and parameters. The products are warranted against all manufacturing defects

- ✓ OYRA Faucets are warranted for 10 years from the date of original purchase.
- ✓ Showers, Accessories, Health Faucets & electronic components are warranted for 1 year from the date of original purchase.
- ✓ During the warranty period, if any manufacturing defect is found, the same will be repaired or replaced upon the proof of purchase.
- ✓ Installation expenses shall not be by the company at any time.
- ✓ The warranty does not apply to a product which has been subjected to abuse or accident.
- ✓ Whatsapp 5 Sec Video, 2 Pictures of Defected Faucets Along with INVOICE to Dealer
- ✓ Complaint Would be handled by company representative onsite with in 72hrs.

**IMPORTANT :**

Proper installation ensures excellent and reliable performance.

Effect on Chrome finish due to use of harmful chemicals or salty water is not covered under warranty.
